Education

- **Coursera** Online Platform
Machine Learning *Feb 2018 - June 2018*
 - Relevant subjects: Introductory ML course taught by Andrew Ng. Language: Octave Certificate
- **Sona College of Technology** Salem Tamil-Nadu
BE, Computer Science and Engineering (CGPA: 9.0/10) *August 2012 - June 2016*
 - Relevant courses: Data Structures, Algorithm Analysis and Design, Operating Systems, Computer Networks, Theory of Computation
 - Studied under full academic scholarship by Indian Embassy Nepal

Work Experience

- **Cleartrip** JPNagar, Bangalore
Software Engineer L4 *May 2018 - Present*
 - Worked on the core project (trip-service) which talks with DB and provides uniform API for all the innouse products
 - Worked on Event Driven Architecture to make the system more responsive. Tech Used: Mongo, Kafka, Oracle
- **AxisRooms Travel Distributions Pvt Ltd** Jayanagar, Bangalore
Java Developer *April 2017 - April 2018*
 - Worked on Channel Manager and API (REST,SOAP) Integration for various OTA(Open Travel Alliance) and payment gateways(Java)
 - Worked on building various microservices using SpringBoot,Django to make the product more scalable and modular
- **Aindra Systems** JP Nagar, Bangalore
Assistant Product Engineer *June 2016 - March 2017*
 - Worked on various part of product called 'Smart Attendance': Android app powered by google-vision and the Main Product API.
 - Designed a product for object detection and optical character recognition. Work included solution architecting, DB Schema, API design and implementation, API integration with algorithm and a mobile app for android platform to capture images and trigger API using store and forward mechanism.
 - Built plugins for a bioimageanalysis software called Icy to help researchers annotate ROI(Regions of interest) easily

- Various Platforms**

Online

 - Technical Writing/Blogging*

June 2016 - Present

 - MVB (Most Valuable Blogger) at Dzone where I contribute tech articles on a regular basis. Profile Link: Dzone
 - Regular Contributor in Quora: where I mostly answer questions on git, linux, java. Profile Link: Quora
 - Udacity India Blogger I contribute articles related to Machine Learning Profile Link: Udacity
- Ayycon Technologies**

Chennai

 - Intern*

Jan 2016 - Feb 2016

 - Worked with the integration of an open source file uploading tool called 'fineuploader' into an already existing web application. Worked mostly on PHP (LAMP stack)

UnderGrad Projects

- Recommender System**

Salem, Tamil Nadu

 - Final year project*

Jan 2016-June 2016

 - Designed and built a simple recommender system using euclidean distance based similarity measure github link
 - Similarity parameter (0-100) could be controlled by the end user
 - Used Java, Swings(GUI) and MySql backend

Awards

- Mahatma Gandhi Scholarship 2011
- First Position in Open Essay writing competition -Milestone Int'l College-Kathmandu Theme: Environment and Social and Development 2009
- First Position in Open Idea Contest "Watershed Restoration and Development" (Better world family International about conservation of rivers in Kathmandu Nepal)
- Indian Embassy full scholarship for BE study in India
- Excellent Academic Performance (Sona College of technology) (2015-16)
- Selected for Amritapuri regional in ACM ICPC programming contest 2013 (Team name: codrammar) and 2015. (ACM member Student)

Skills

Languages(Frameworks): Java-8, Python, Spring Boot, Django, C/C++, Mysql, Oracle

Operating Systems: Linux (Ubuntu,Mint), Windows

Web: HTML5,CSS,JavaScript,Bootstrap, JSP, Ajax

Mobile application: Android platform

Applications/IDE: Pycharm,IntelliJ,Android Studio,Eclipse

VCS: git

Server(DevOps): Apache, JBOSS,Tomcat, Docker, Ansible

Miscellaneous: Linux Server setup and administration, Technical writing (blogging and set up)

Interests

Sports: cycling, swimming, long distance marathon

Musical: Guitar,Harmonica,Flute

Membership: Student member of ACM since 2013
