Education

- **Coursera** Online Platform
Machine Learning Feb 2018 - June 2018
 - Relevant subjects: Introductory ML course taught by Andrew Ng. Language: Octave Certificate
- **Sona College of Technology** Salem Tamil-Nadu
BE, Computer Science and Engineering (CGPA: 9.0/10) August 2012 - June 2016
 - Relevant courses: Data Structures, Algorithm Analysis and Design, Operating Systems, Computer Networks, Theory of Computation
 - Studied under full academic scholarship by Indian Embassy Nepal

Work Experience

- **Cleartrip** JPNagar, Bangalore
Software Engineer L4 May 2018 - Present
 - Working on SpringBoot Microservices, API development
- **AxisRooms Travel Distributions Pvt Ltd** Jayanagar, Bangalore
Java Developer April 2017 - April 2018
 - Worked on Channel Manager and API (REST,SOAP) Integration for various OTA(Open Travel Alliance) and payment gateways(Java)
 - Worked on building various microservices using SpringBoot,Django to make the product more scalable and modular
- **Aindra Systems** JP Nagar, Bangalore
Assistant Product Engineer June 2016 - March 2017
 - Worked on various part of product called 'Smart Attendance': Android app powered by google-vision and the Main Product API.
 - Designed a product for object detection and optical character recognition. Work included solution architecting, DB Schema, API design and implementation, API integration with algorithm and a mobile app for android platform to capture images and trigger API using store and forward mechanism.
 - Built plugins for a bioimageanalysis software called Icy to help researchers annotate ROI(Regions of interest) easily

- **Ayycon Technologies** Chennai
Intern *Jan 2016 - Feb 2016*
 - Worked with the integration of an open source file uploading tool called 'fineuploader' into an already existing web application. Worked mostly on PHP (LAMP stack)

UnderGrad Projects

- **Recommender System** Salem, Tamil Nadu
Final year project *Jan 2016-June 2016*
 - Designed and built a simple recommender system using euclidean distance based similarity measure (<https://github.com/sudipbhandari126/recommender>)
 - Similarity parameter (0-100) could be controlled by the end user
 - Used Java, Swings(GUI) and MySQL backend

Awards

- Mahatma Gandhi Scholarship 2011
- First Position in Open Essay writing competition -Milestone Intl College-Kathmandu Theme: Environment and Social and Development 2009
- First Position in Open Idea Contest "Watershed Restoration and Development" (Better world family International about conservation of rivers in Kathmandu Nepal)
- Indian Embassy full scholarship for BE study in India
- Excellent Academic Performance (Sona College of technology) (2015-16)
- Selected for Amritapuri regional in ACM ICPC programming contest 2013 (Team name: codrammar) and 2015. (ACM member Student)

Skills

Languages(Frameworks): C/C++,Java, Python, Spring Boot, Django, PostgreSQL, MySQL, Sqlite

Operating Systems: Linux (Ubuntu,Mint), Windows

Web: HTML5,CSS,JavaScript,Bootstrap, JSP, Ajax

Mobile application: Android platform

Applications/IDE: Pycharm,IntelliJ,Android Studio,Eclipse

VCS: git

Server(DevOps): Apache, JBOSS,Tomcat, Docker, Ansible

Miscellaneous: Linux Server setup and administration

Interests

Sports: cycling, swimming, long distance marathon

Musical: Guitar,Harmonica,Flute

Membership: Student member of ACM since 2013
