Education

- **Coursera** Online Platform
Machine Learning *Feb 2018 - June 2018*
 - Relevant subjects: Introductory ML course taught by Andrew Ng. Language: Octave Certificate
- **Sona College of Technology** Salem Tamil-Nadu
BE, Computer Science and Engineering (CGPA: 9.0/10) *August 2012 - June 2016*
 - Relevant courses: Data Structures, Algorithm Analysis and Design, Operating Systems, Computer Networks, Theory of Computation
 - Studied under full academic scholarship by Indian Embassy Nepal

Work Experience

- **Cleartrip** JP Nagar, Bangalore
Senior Software Engineer L5 *October 2019 - Present*
 - Distributed Event System (Event Bus, Kafka for internal usage) (Built using project reactor, springboot and apache kafka as the messaging system)
 - Monolith decomposition (coming up with functional boundaries and other functional analysis)
 - Distributed configuration management system(using spring cloud, consul)
 - Oracle to Mysql migration (worked on the conversion of oracle pl-SQL to MySQL functions, schema redefinition, and optimizations)
 - Contributed to the platform team of cleartrip (core service providing in house API interfacing the main relational persistence (async event based flow to gracefully handle huge traffic and make it fault tolerant), communication applications(email, sms, whatsapp), API gateway, application interfacing with monitoring agents like newrelic)
 - ELK/Newrelic setup, maintenance for platform applications
- **Cleartrip** JP Nagar, Bangalore
Software Engineer L4 *May 2018 - Present*
 - Built microservices (SpringBoot, Java)
 - Worked on the core project (trip-service) which talks with DB and provides uniform API for all the inhouse products
 - Worked on Event-Driven Architecture to make the system more responsive. Tech Used: Mongo, Kafka, Oracle, MySql
 - Setting up CI/CD with bitbucket pipelines

- AxisRooms Travel Distributions Pvt Ltd** Jayanagar, Bangalore
Java Developer *April 2017 - April 2018*
 - Worked on Channel Manager and API (REST,SOAP) Integration for various OTA(Open Travel Alliance) and payment gateways(Java)
 - Worked on building various microservices using SpringBoot,Django to make the product more scalable and modular
- Aindra Systems** JP Nagar, Bangalore
Assistant Product Engineer *June 2016 - March 2017*
 - Worked on various part of product called 'Smart Attendance': Android app powered by google-vision and the Main Product API.
 - Designed a product for object detection and optical character recognition. Work included solution architecting, DB Schema, API design and implementation, API integration with algorithm and a mobile app for android platform to capture images and trigger API using store and forward mechanism.
 - Built plugins for a bioimageanalysis software called Icy to help researchers annotate ROI(Regions of interest) easily
- Various Platforms** Online
Technical Writing/Blogging *June 2016 - Present*
 - MVB (Most Valuable Blogger) at Dzone where I contribute tech articles on a regular basis. Profile Link: Dzone
 - Regular Contributor in Quora: where I mostly answer questions on git, linux, java. Profile Link: Quora
 - Udacity India Blogger I contribute articles related to Machine Learning Profile Link: Udacity
- Ayycon Technologies** Chennai
Intern *Jan 2016 - Feb 2016*
 - Worked with the integration of an open source file uploading tool called 'fineuploader' into an already existing web application. Worked mostly on PHP (LAMP stack)

Skills

Languages(Frameworks): Java-8, Python, Spring Boot, Django, C/C++, Mysql, Oracle

Operating Systems: Linux (Ubuntu,Mint), Windows

Web: HTML5,CSS,JavaScript,Bootstrap, JSP, Ajax

Mobile application: Android platform

Applications/IDE: Pycharm,IntelliJ,Android Studio,Eclipse

VCS: git

Server(DevOps): Apache, JBOSS,Tomcat, Docker, Ansible

Miscellaneous: Linux Server setup and administration, Technical writing (blogging and set up)

UnderGrad Projects

- **Recommender System**

Salem, Tamil Nadu

Final year project

Jan 2016-June 2016

- Designed and built a simple recommender system using euclidean distance based similarity measure [github link](#)
- Similarity parameter (0-100) could be controlled by the end user
- Used Java, Swings(GUI) and MySql backend

Awards

- Mahatma Gandhi Scholarship 2011
- First Position in Open Essay writing competition -Milestone Intl College-Kathmandu Theme: Environment and Social and Development 2009
- First Position in Open Idea Contest "Watershed Restoration and Development" (Better world family International about conservation of rivers in Kathmandu Nepal)
- Indian Embassy full scholarship for BE study in India
- Excellent Academic Performance (Sona College of technology) (2015-16)
- Selected for Amritapuri regional in ACM ICPC programming contest 2013 (Team name: codrammar) and 2015. (ACM member Student)

Interests

Sports: cycling, swimming, long distance marathon

Musical: Guitar, Harmonica, Flute

Membership: Student member of ACM since 2013
